

INDUCTOR 3000 200-240V

- Portable induction heater for fast release of bolts, nuts, gears, joints and screws.
- With adjustable heating power. Heat is transferred to the part to release in a localised and precise manner.
- Light and compact.

DESCRIPTION

Portable induction heater that allows fast release of bolts, nuts, gears, joints and screws. It is particularly useful for applications in bodyshops, garages, farming, maintenance, metal machining, etc.

By adjusting power, heat is transferred to the part to be unlocked-in a localised and precise manner.

Supplied with Twister 10V M8/M10 and 14V M12/ M14 accessories.
